What is Cooperative Arts News?

The Mission: The *CAN* organization was created for the purpose of helping cooperative member arts organizations build audiences by supporting each other. *CAN* will send notifications to list members with news of member organizations' upcoming events and other arts news of interest.

The Rules:

1) Since this is a "cooperative" of arts organizations supporting each other, member groups who would like to post notices, agree to "receive" notifications from other member groups in return. Individuals will have the option at any time to "opt-out" if they choose not to receive future notifications by e-mailing the list manager.

2) In order to preserve the integrity and quality of the postings to this list and to prevent any unwanted "Spamming", all notifications that member groups want to send through this notification list must come through the list manager. Groups simply send an e-mail notification to the list manager with a descriptive write-up and it will be sent. If there are multiple notifications that need to go out, they may be grouped together in "digest" format to reduce the number of e-mails that are sent to the list.

If at anytime, you would like to be removed from this e-mail list or if you are a new organization that would like to join, please e-mail the list manager and your request will be acted upon in a timely manner.

As always, thank-you for supporting the arts in the DFW area!

Regards,

David Witherspoon
